Student Leadership NORTH

2027-28 Program

The success of Leadership Johns Creek, a 501c3 non-profit, prompted the creation of Student Leadership NORTH (SLNorth) a collaborative effort of our business and civic community to provide leadership training to our local youth.

Program Description

Student Leadership NORTH is a program for emerging leaders in their sophomore and junior years. Students apply in December/January of their freshman or sophomore year for the two-year program. Applicants are accepted from Centennial, Chattahoochee, Johns Creek, Northview High Schools, Innovation Academy, Mt. Pisgah, and Providence Christian Academy – Johns Creek and Alpharetta High School.

The program is run by an advisory council under the board directorship of Leadership Johns Creek, a 501c3 non-profit in collaboration with Fulton County Schools.

In year one of this two-year leadership program, leadership skills will be developed through a series of structured learning experiences and then utilized in community service projects within our community. In the second year, students will have a more individualized focus, implementing the skills learned in year one to find leadership opportunities after high school and college.

A class of approximately 100 young adults will be selected from area high schools and will be introduced to a core curriculum of leadership skills including goal setting, project management, team building, governmental process and communication skills.
