

Graduates Will...

- Be able to contribute positively to their schools and fill the need of training future student leaders of clubs and organizations.
- Have an increased awareness of the community outside of school and personal activities.
- Have an increased sense of self-worth, enhanced critical thinking and problem-solving abilities fostered through real-life applications.
- Be better equipped to take on leadership roles at college and in careers.
- Become future leaders of our city and beyond.
- Have strong connections to, and become an integral part of, the future success of Johns Creek.

MISSION AND VISION STUDENT LEADERSHIP JOHNS CREEK

The Student Leadership Johns Creek (SLJC) Program equips students with chances to acquire and implement leadership skills in their school and community. The mission of SLJC is to foster the development of student leadership skills through various experiences.

The success of Leadership Johns Creek, a 501c3 non-profit, prompted the creation of Student Leadership Johns Creek (SLJC) a collaborative effort of our business and civic community to provide leadership training to our local youth.

Program Description

Student Leadership Johns Creek is a program for emerging leaders in their sophomore and junior years. Students apply in December/January of their freshman or sophomore year for the two-year program. Applicants are accepted from Centennial, Chattahoochee, Johns Creek, Northview High Schools, Innovation Academy, Mt. Pisgah, and Providence Christian Academy – Johns Creek and **NEW** this year Alpharetta High School.

The program is run by an advisory council under the board directorship of Leadership Johns Creek, a 501c3 non-profit in collaboration with Fulton County Schools.

In year one of this two-year leadership program, leadership skills will be developed through a series of structured learning experiences and then utilized in community service projects within Johns Creek. In the second year, students will have a more individualized focus, implementing the skills learned in year one to find leadership opportunities after high school and college.

A class of approximately 100 young adults will be selected from area high schools and will be introduced to a core curriculum of leadership skills including goal setting, project management, team building, governmental process and communication skills.
